Fatal Storms & Water

by MiaQc

Summary

A short and tragic fanfic featuring evil Sailor Mercury and Sailor Jupiter.

- A translation of Eau et Tempête Fatales by MiaQc

Water levels around the world continue to rise. Seeing that Sailor Mercury is responsible, Sailor Jupiter left two days ago to stop her but has not returned. Since then, thunder and lightning have been incessant, creating storms that threaten to destroy the world if it isn't drowned first.

Sailor Moon, Mars and Venus found Mercury and Jupiter on an island with elevated land. The two Inner Warriors are surrounded by a black aura.

“Are they possessed by a new enemy?” asks Sailor Moon.

“No. It's their own darkness,” replies Sailor Mars.

“I can't believe it!” says Sailor Venus. “Mercury, Jupiter, what are you planning to do?”

“Destroy humanity,” Jupiter says coldly.

“And use the silver crystal to create a superior race!” Mercury replies. “A race that will worship us!”

“You'll never get my silver crystal!” Sailor Moon exclaims.

She was wrong. The powers of the two evil Inner Warriors are stronger than she thought. Sailor Moon, Mars and Venus are fatally electrocuted and their bodies are then drowned in the ocean.

Sailor Mercury holds the silver crystal in her hands. Sailor Jupiter embraces her. A new world will soon be born. Mercury and Jupiter will be goddesses for eternity.
